Embedded Librarians: Supporting Student Research

Charlie Cowling, Jennifer Kegler, Logan Rath, and Allison Wright

November 20, 2014

CELT

(Center for Excellence in Learning and Teaching)
Why?

- **SUNY General Education Information Management Competency**
  - “Students will:
    - understand and use basic research techniques
    - locate, evaluate and synthesize information from a variety of sources.”

- **Library Values:**
  - “We will provide the opportunity, in collaboration with teaching faculty, for students to build information literacy and life-long learning skills.”

- **Brockport’s Strategic Plan**
  - Active student engagement in learning both in and out of the classroom.
  - Active faculty/staff engagement in student learning and development both inside and outside of the class room.

- **Librarians are Educators not just Information Organizers.**
