THE ARTHUR O. EVE OPPORTUNITY FOR HIGHER EDUCATION PROGRAM

## FROM THE DIRECTOR, GARY OWENS:

### Rolling Along

Whether you were freshman coming into your first summer program or transfers who have come into the college for the first semester, each of you can remember that I told you that the time would really roll by very quickly and indeed it has. It probably went much faster for some than for others. The obvious question is how did you use your time and how well you are ending your semester? I hope you have focused on the priority of achieving the best grade possible. I want to encourage each of you to focus, work on achieving the best grade possible as you head towards exam week.

Now there are a few things I need to remind each of you who are returning. Please, please pay attention to making sure your financial aid is complete before you leave for the summer. Also please review your financial aid package with your counselor as well as your course registration for the fall semester. I hope to see each and every one of you at the End of Year Celebration on Friday, May 9, 2014. I want to again thank everyone who attended the EOP Honors & Recognition Banquet. It was great!

Finally, congratulations to all of you who will graduate this May and those of you who will complete graduation requirements this summer. Please remember EOP is your program and we are here to assist you in every way possible. May all your goals be achieved!

## CALLING ALL EOP STUDENTS!!!!!! -By Alyshia-Mae McElroy

Hello...?  
 Is this thing on...?  
 Can you hear me...?  
 Okay, so they can't hear you right now but don't give up! Put the pen to paper and make them pay attention. Word is Mr. Ben Franklin said believe none of what you hear anyways. So write it down bring it to EOP and we'll make them read all about it. Let's make this a formal invitation so that the airways are clear between the two of us... EOP is calling ALL Talent. Do you write? Maybe you draw? Or is it photography? Well this is the time to get it out there and let everyone see what you're all about. Show us what you've got. Remember, this will be published in the EOP Newsletter, which is a huge portfolio building opportunity, so please don't let it pass you by...

# Financial Aid News

The end of the year is quickly approaching. The following is a list of tasks for your 2014-2015 financial aid renewal and your forthcoming Fall '14 student bill.

Make sure you are **registered** and have **affirmed your enrollment** by the time you leave for the summer. The release of your May 8<sup>th</sup> EOP check will be blocked, pending completion of these tasks.

Make sure you have submitted all supplemental documentation required of you by the Financial Aid Office to your assigned EOP counselor. If you are not sure of what you need, please see your EOP counselor.

Make sure you understand each item on your Fall '14 student bill. .

Make sure you are aware of your status and options regarding the mandatory health insurance. You should make the appropriate arrangements prior to going home for the summer.

Make sure you thoroughly understand each item of your financial aid package. **Some of the financial aid budgets have changed this year.** If you have any questions, the Financial Aid Office is happy to answer them.

Make sure you are packaged and accept your financial aid award **ASAP**. This can be done through Web Banner.

**Prior to leaving** for the summer, make sure any issues, or outstanding balances concerning your Spring '14 student bill have been resolved. Unpaid balances can result in holds being placed on your account and will potentially result in your outstanding balance being turned over to collections. Holds will also prevent you from registering for classes for the Fall '14 semester.

If you are planning on taking any summer classes, and are applying for financial aid, remember to complete a Summer Application for Financial Aid available at: [http://www.brockport.edu/finaid/forms\\_center.htm](http://www.brockport.edu/finaid/forms_center.htm) or in the Financial Aid Office. The deadline for this application is **May 1, 2014**. Summer financial aid is only available to students who have not already received the maximum of their 2013-2014 financial aid. In most cases, students will need to be enrolled in at least six credits to be eligible for Federal Stafford loans. If you have any questions, please contact the Financial Aid Office. Prompt, accurate completion of your financial aid renewal is critical. Delays in the process can result in you not receiving the proper financial aid to which you are entitled. Don't forget that the EOP staff will be here all summer. If you have any questions or just want to say "Hola," please contact us. Please have a happy and successful summer!

### IMPORTANT TAP INFORMATION

As you are aware, as EOP students you are entitled to ten semesters of TAP. A number of our students have received emails stating that they are no longer eligible for TAP after eight semesters. If you receive such an email, immediately contact your counselor so the issue may be resolved.

# Tutoring

**Hard work and tutoring pays off!!! This semester, 102 students (32%), received academic support in 148 courses!!**

EOP's One-on-One Peer Tutoring Program provides students the opportunity to receive individualized tutorial support through being matched with a peer fellow who in many instances has had the same professor, and who has received a superlative grade in the specific subject content area in which the student requires additional help. This tutorial support program not only aids students in being academically successful, but also in acquiring and developing study skills, strategies and techniques to employ across subject content areas, throughout their academic experience and beyond.

Many of you have attested to the impact tutoring has made in your academic performance this semester, and also in how your approach your studies.

**Why are good grades important?** Your grades can make the difference in your being selected for that job/career you are pursuing or being accepted for admittance into the graduate program and graduate school of your choice. You want to stand out and above the rest.

Please continue to see your tutors as needed to finish out the semester strong, and many of you have already let me know you will be looking for support from your current tutors for your courses for the 2014 fall semester!!!

# Congratulations!

# Notes from the EOP Academic Coordinator...

Greetings EOP Scholars,

My, my, my... We are coming to the end of the semester and many of you are ending it strong. I applaud your efforts and pursuit of academic excellence! Final exam week will be here before you know it so please use all the academic supports (**EOP Tutorial Supports, Student Learning Center, Professor's Office hours, study groups, etc.**) at your disposal to increase your chances of earning the best grade possible and boost that GPA or maintain the "healthy" one you worked so hard to obtain! The **PAL Program** will be in operation until **May 13, 2014**. Please use this additional layer of supports to increase your course success rate. Here are a few more study tips I would like to provide you with from Scholarships.com:

## **Study Smart**

### **Give Yourself Time**

Avoid Cramming, Review notes (**yes take notes!!**) after each lecture or reading assignment, Study in blocks of **45 minutes or less**, Schedule studying time each evening

### **Remove Distractions**

Study in a quiet and well lit setting with ample space and few distractions, Turn off your TV and your phone while studying and refuse to let anything less important interrupt until you've completed your homework, Take breaks

### **Take Care of Yourself**

Don't study immediately after a huge meal or immediately before bed, Don't skip meals, Get adequate rest and eat good "brain food", which can help you learn more easily

## **How to Prepare for a College Exam**

### **Exam preparation begins on the first day of class**

Everything mentioned in class is fair game and may appear as an extra credit question on an exam  
When answering an essay question, information that you may have considered irrelevant can be used to support your thesis and to demonstrate that you have been involved in the class  
The **more involved you are** in lectures the less information you will have to cram the day before the exam.

### **What topics does your professor appear most enthusiastic about?**

Keep a list of topics that your professor spends an excessive amount of time exploring; this will help you remember the important highlights of the class when the time comes to prepare for an exam  
Hold on to your syllabus

A syllabus will help you organize the information as you take it in and give you an idea about what topics will be emphasized on the exam

Your syllabus will create a study guide for you, to which you can, add a few notes to  
Circle books, topics, and themes which are likely to appear on an exam.

### **Participate in class**

Participation helps you get closely acquainted with the material, and also shows the professor that you are interested in his/her class

Participating in class can ensure that your involvement and commitment to the course is recognized  
Keep copies of quizzes, essay questions, papers etc.

Store handouts in a folder or binder to help you develop an effective study routine

Quizzes test your knowledge of a topic that the professor really thinks you need to know

If the topic is significant enough to show up on a quiz it will certainly appear on your exam

## A FAREWELL FROM STEPH.....

Dear students,

Two years ago, I was honored to be awarded the Diversity Fellowship and begin working at EOP as a counselor. Today, as I approach the completion of my masters degree and reflect upon the personal journey that I've traversed here at Brockport, it is with bittersweet emotions that I say goodbye. Although I am happy to complete this personal milestone, I will miss you all!! The EOP staff has guided my progress and professionalism as a counselor, and my students are a daily reminder to persevere, despite frustration and setbacks. You have done more for me than I could ever do for you. Thank you. Your struggles keep me humble and your successes give me strength by reminding me that dedication and hard work pay off. You will forever be in my heart. Thank you for all the laughs, tears, and lessons. Best of luck to you all!!!
