"I'm Not Racist...Am I?" Screening and Facilitated Discussions

I’m Not Racist... Am I? is a feature documentary about how this next generation is going to confront racism. Twelve teenagers from New York City came together for one school year to talk about race and privilege in a series of workshops and in conversations with friends and family members. By documenting their experience, the filmmakers hope to inspire others to recognize and interrupt racism in their own lives. A facilitated discussion will take place after the screening.

contact: The Office of Diversity and Inclusion mobourn@brockport.edu

The Rochester Educational Opportunity Center (REOC) Recognizes Successful ATTAIN Lab Participants.

REOC ATTAIN Lab Technology Coordinators, Sam Casanzio and Jason Carroll, nominated Ms. LaQuinda Carraway and Mr. Christopher Holloway for ATTAIN Achievement awards because of their success and accomplishments due to their hard work and dedication.
Ms. Carraway previously worked for the Rochester City School District and then in the business sector for many years. Several years ago she found herself out of work and looking for a new job. She knew she needed to improve her computer skills to make her more marketable in her job search. She was referred to REOC’s ATTAIN Lab in the summer of 2016 and spent several hours each week diligently working on computer skills. In the fall of 2016 Ms. Carraway obtained a position with the Rochester City School District at her first interview. Ms. Carraway said that because of the confidence she gained in the REOC ATTAIN Lab she has a job she loves and now recognizes her educational competence. She is on her way to pursuing her Master’s Degree in business.

Mr. Holloway is a student in the REOC Cosmetology program. In addition to accomplishing the Instructional Systems Software (ISI) requirements necessary for his program, Mr. Holloway also has successfully completed his Microsoft® 2013 Word, Excel, Outlook, PowerPoint and Access certifications. His goal is to achieve a Microsoft® Technology Associate (MTA) certification. He is currently on target to complete the REOC Cosmetology program in May of 2017, and he ultimately would like to open his own business. Mr. Holloway is driven and professional in his academic pursuits.

As ATTAIN Achievement award recipients, Ms. Carraway and Mr. Holloway each received new laptops at a presentation on January 18, 2017.

- Jeremy Kraus (Graduate Student): "Use of fatty acid signatures to assess lake trout diet in Cayuga Lake".
- Kinsey Irvin (Graduate Student): "Use of fatty acid signatures to explore the river continuum concept".

Poster presentations:
Nick Farese (Undergraduate Student): "Thiamine and lipid content in Lake Ontario prey fish".
Chris Maier (Undergraduate Student): "Fatty acid signatures of predatory fish from Lake Michigan".
Matt Futia (Graduate Student): "Thiamine and fatty acids of Lake Ontario lake trout – 2013 monitoring"

All of the students are advised by Dr. Jacques Rinchard.

**Pam Haibach Beach Nominated for Award**

Pamela (Haibach) Beach (KSSPE) and Megan Norcia (English) were nominated for the Open SUNY Exemplary Online Educators Award by Brockport

Dr. Pamela Haibach Beach
Pamela (Haibach) Beach (KSSPE) and Megan Norcia (English) were nominated for the Open SUNY Exemplary Online Educators Award by Brockport and selected by Open SUNY for being both enthusiastic and effective in online teaching, and who can be a positive and strong advocate for online teaching in our SUNY community.

They will receive a certificate of recognition and digital badge to honor this distinction, and will also be featured on our website as an Open SUNY Online Teaching Ambassador. As an Online Teaching Ambassador, Pamela and Megan will have opportunities to be advocates for online teaching and to share their thoughts with the community in various ways in the coming year.

In addition, Pamela and Megan will be recognized as Open SUNY Online Teaching Ambassadors, honoring their positive contributions to the field of online teaching in SUNY, and formally presented with certificates of recognition at this event, which will take place on Day 1 of the Summit (March 8th, 2017).

Facilitated Conversations on Racial Justice and Cross-Ranking Activism
Please join us for a week-long series of facilitated conversations on Racial Justice, Cross-Rank Activism, and Becoming Agents of Change on Campus, February 13-17. This series continues and expands on the series of discussions held during the 2015 spring semester and will again be facilitated by members of the Opening Doors Diversity Initiative Team.

Initial sessions will be separated by campus role and racial identity, with a final session that brings all participants together. Each participant will attend two sessions—first the session specific to their race and role, and second the final group discussion that brings everyone together.

Separate groups allow for people to express themselves deeply and prepare for sharing to the larger group within the context of a framework that incorporates non-blaming language and gives a social context for the issues that individuals and organizations are navigating. Separating people is a developmental step in a process towards creating the community forum where people can share authentically. To achieve this goal, it is important that each group have an opportunity to explore with structured facilitation their unique position within the system, and what it means to be allies and empowered people within their role in the system. All sessions will be held in Eagle’s Lookout.

Call for Papers: Harry Potter Festival
Abstracts Due: March 3, 2017
Calling all Harry Potter fans! If you’ve written a paper on the Harry Potter series and/or would like to develop one this semester, please consider submitting it for possible inclusion in the Harry Potter Fest at the College at Brockport on May 6, 2017. We welcome submissions from a diverse range of disciplines and programs, including English, history, film, biology, chemistry, gender and women’s studies, and all others.

Papers may include topics such as...
• demonstrations of potions/chemistry (faculty sponsorship and supervision required!)
• “herbology” (“magical” properties of unusual plants, stewardship of the natural world)
• the physics of flight in HP (esp. quidditch)
• marketing HP (multi-platform franchise)
• money and “mudbloods” (power, enfranchisement, and discrimination in HP)
• pedagogy of Hogwarts (teachers/teaching in HP)
- representations of journalism, celebrity culture
- HP and the hero journey; HP and the hero complex
- HP and the British school story genre
- HP and representations of race
- Banning HP (review bans and challenges)
- fan fiction and Rowling, "Wizard Rock"
- HP films as interpretations of the books
- HP and misogyny (representations of gender, heroism, and stereotypes)
- Voldemort, Fudge, Dumbledore—politics of leadership
- Classism and inequity in HP

Submit a 250-word abstract (summary) of your presentation via email to kbproe@gmail.com and pmoyer@brockport.edu by March 3. You may submit the summary in the body of the email or as a Word Docx attachment. Include “Potter Fest Submission” in the subject line. If you’re a faculty or staff member, please list your department and position. If you’re a student, list your name and major; also, please seek out a faculty member who might be willing to sponsor and offer you feedback on your paper and identify the name of this person on your submission. contact: For additional questions about the festival, please contact Dr. Norcia at mnorcia@brockport.edu.

Coach Don Murray inducted into Section V Wrestling Hall of Fame

Long-time coach is honored for lifetime of success in sport.

Don Murray ’69, associate professor (KSSPE) and head wrestling coach (Athletics), was honored on Wednesday, February 1, as an inductee into the Section V Wrestling Hall of Fame. Murray was introduced at the banquet by four-time Brockport wrestling All-American John Leone ’88, the current coach at Penfield High School.
In his 47th season as Brockport’s head coach, Murray has built a career unparalleled in the sport, and Leone captured it perfectly in his introductory remarks, highlighting his mentor’s contributions to the sport as:

*Brockport’s coach: five NCAA Division III national team titles; 27 individual national champions; 136 All-Americans; 26 conference championships; multiple Coach of the Year awards on the national, state and conference levels; and a 47-year run of winning seasons, the longest in the history of college wrestling;

*A leader on the international level: multiple experiences as a team leader in Bulgaria, Egypt, the Czech Republic; Olympic and Regional team and individual trials and meets; work with USA Wrestling; and

*A campus leader: Chancellor’s Award, BASC President and BSG, College Senate, Brockport Foundation and Brockport Alumni Association honors

Murray, who received the only standing ovation of the night when he was introduced by Leone, regaled the crowd with stories about the impact of high school and college coaches and parents on the lives of students and wrestlers. He spoke about how higher education changes lives.

The Golden Eagles close their dual-meet season on Saturday, February 11, when they host Scranton at 2:30 pm in the SERC. The match will take place as part of the Section V Wrestling Super Sectionals that weekend.

Chemistry and Biochemistry Faculty Presentations at MCC

Dr. Joshua Blose and Dr. Carly Reed of the Department of Chemistry and Biochemistry each presented a talk on their research on Tuesday, February 7, at Monroe Community College. Their talks, “The Influence of the Cellular Environment on the Formation of Z-form DNA” and “The Inorganic Synthesis of Coordination Compounds: From Quadruple Bonds to Metal-Organic Frameworks,” detailed research conducted with undergraduates here at Brockport. They were invited by MCC’s Chemistry Club, and the audience was a mix of MCC faculty and chemistry students. In addition, they described seamless transfer to Brockport and research opportunities for students here.

Know Your Librarians

Drake Memorial Library invites you to become better acquainted with our librarians. During the spring semester, Drake Memorial Library will be introducing displays exploring the different personalities of our librarians. The main floor displays will feature the librarians' favorite reads, movies and music, their hobbies and other interests. Currently being featured in a display are Associate Librarian Charlie Cowling, Senior Assistant Librarian Laura Dumuhosky, System and Assessment Librarian Ken Wierzbowski, and Evening Library Supervisor Wendy Prince. As the semester continues we will feature additional Brockport librarians. Stop by the library and enjoy the Drake librarians on display.

contact: W. Prince Wprince@brockport.edu
**Chief Diversity Officer (CDO) Employment Opportunity:** Internal Applicants Only

The Office of the Chief Diversity Officer guides efforts to communicate our commitment to diversity and equity; develops and monitors the College's Diversity Plan; and conceptualizes and cultivates diversity as an institutional and educational priority.

**Position Summary**

As we embark upon our new strategic plan — focused on being a great place to learn, a college engaged with its community, a sustainable institution and a great place to work — we are putting equity, diversity and inclusion at the heart of what we do. Reporting to the President, the CDO will program, plan and promote a variety of collaborative events and resources necessary to achieve the sustainability and ongoing delivery of the College's diversity and inclusion agenda. The CDO will work collaboratively with divisions, offices and individuals across campus, including, but not limited to the following: Academic Affairs; Enrollment Management and Student Affairs, including Admissions, Advising, Title IX and Retention; Administration and Finance, including Facilities, Human Resources and Affirmative Action; Advancement; and College Communications. The CDO will be responsible for policy development and for communicating the merits of diversity, inclusion and equity to the campus and its stakeholders. The CDO will serve the campus and the region and ensure that the College acts as a community of best practices in diversity, a clearinghouse of knowledge to share and an agent for positive change in the community. The CDO must be results-oriented and committed to infusing diversity into the most important academic issues of the College.

One Billion Rising, The 2017 Campaign:

1 in 3 women across the planet will be beaten or raped during her lifetime. That’s ONE BILLION WOMEN AND GIRLS. Every February – in hundreds of countries across the world – we gather to show our local communities and the world what one billion looks like and shine a light on the rampant impunity and injustice that survivors most often face. We take a stand as a community to show that we are determined to create a new kind of consciousness – one where violence will be resisted until it is unthinkable.

THIS YEAR, WE ARE RISING IN SOLIDARITY AGAINST THE EXPLOITATION OF WOMEN. Today, Wednesday, February 15, 11 am - 12:30 pm, Seymour College Union Main Lounge. Sign a postcard. Inscribe a T-shirt. Share your words.
Join us in Revolution. Break the Chain. Stop the Violence.

Recent Scholarly Activities of Faculty in the School of Business
Dr. Pam Neely, Department of Accounting, Finance and Economics, and Dr. Jack Cook, Department of Business Administration, recently had their paper "Building Intelligent Systems for Paying Healthcare Providers and Using Social Media to Detect Fraudulent Claims" accepted in International Journal of Organizational and Collective Intelligence 7(2), 2017.

Dr. Mary Ellen Zuckerman, Department of Business Administration, recently had her paper “The Greatest Leaders in Extension Work’: The Role of Extension Work in Developing Rural Female Consumers in Early 20th Century New York" accepted for presentation and peer reviewed publication in the Proceedings of the Conference on Historical Analysis and Research in Marketing (CHARM). The article was also nominated for the Stanley C. Hollander Best Paper Award.

Professor Kari Smoker, JD, Department of Accounting, Finance and Economics, has been selected by the College to be sponsored for leadership development training at the prestigious HERS Institute (http://hersnet.org/). This is one of the most well-regarded leadership development programs for women in the country.

Dr. John Keiser, Department of Business Administration, recently penned an op-ed article in Rochester Business Journal, commenting on the recent presidential election from the standpoint of business ethics.

Golden Eagle Grammar Gals Present: “Hello from the other side”

Writers: Remember Your Readers. Do you write first, ask questions later? Perhaps a pause is in order. This week, the Grammar Gals will review audience awareness. Grab the popcorn!

This week the Grammar Gals welcome Dr. Carter Soles, assistant professor of film studies and a member of the Department of English, to advise us on writing for optimal relevance and results. Key factor? Audience.

Knowing your intended audience is the most important element of writing or speaking. By knowing what values and ideas you share in common with your reader, and by addressing that person with the same courtesy and respect with which you would like to be addressed, you improve the chance that your reader will understand and assent to your ideas.

This skill is ALWAYS essential but is especially important when asking for help or when expressing disagreement. For example, when addressing emails to professors, professional staff, work colleagues, or classmates, here are a few concrete guidelines to keep in mind:
• Include a salutation – “Dear Professor Smith,” or the like. You can address classmates or colleagues by first names, but for others use formal titles (“Professor” or “Dr.”) or, in the case of a non-academic personage like your boss at work, “Mr.” or “Ms.”) in your email salutations.
• Start by identifying who you are and in what context your reader knows you. This may feel redundant at first, but you might be surprised how helpful it is to remind your reader who exactly you are and why you are contacting them. Plus, this is a thoughtful courtesy that will incline your reader to view your communication favorably.
• Lead off with some positive comment about the course or some general explanation of what is going on. Do not start with a complaint or un-contextualized plea for help.
• Once you have positively established who you are and the general context of your inquiry, THEN you can cut to the chase and ask for assistance, clarification, etc.
• If you are emailing to complain about some aspect of a course or to discuss a grading problem, make sure you are NOT writing just to vent your dissatisfaction. Do not write emails when upset or angry! Wait until you have sufficiently cooled off and make sure your email is clear, respectful, and NOT just some passive-aggressive attempt to convey your annoyance. Such an email will not achieve the result you desire.

As previous Grammar Gals lessons have emphasized, the way you express yourself determines how readers perceive you. In professional communications such as emails to professors, classmates, and work colleagues, always be polite and courteous and not too informal. Include a salutation and a closing signature, and convey your problem or question in the most positive tone possible.

(Congratulations to last week’s winner, Kim Myers. Kim received a brand new copy of Robert Pinsky’s Selected Poems!)

Disability Awareness Training

The Disability Awareness training is sponsored by the Regional Center for Independent Living Peer Services Grant and will be presented by Jennifer Geiger, Business Relations Representative for ACCES-VR.

The training will provide an overview of the prevalence of disability in America, the demonstrated skills and talents among people with disabilities, and the challenges faced as individuals seek to engage in employment and community life, and will promote effective and respectful communication.

This training is open to all students, faculty and staff and any individuals who work with ACCES-VR for services. contact: Jessica Sniatecki

NEW Racial Justice Trainings: Creating Space for Change

Learn about the workings of individual and institutional racism, as well as skills and actions to dismantle systemic racism. Two trainings for students and two for faculty and staff will be offered in the spring 2017 semester.
The Presidential Committee on Diversity and Inclusion Professional Development Subcommittee is pleased to announce a new Racial Justice training for students, faculty and staff. "Racial Justice: Creating Space for Change" is a voluntary, group training designed to help campus community members provide a supportive and inclusive environment for people of all races and ethnicities and to learn skills for recognizing and dismantling systemic racism. The training is comprised of expert knowledge and interactive exercises aimed to increase participant knowledge of the workings of racism and the history of racial formations in the United States.

contact: The Office of Diversity and Inclusion, mobourn@brockport.edu

SafeZone Training for Faculty and Staff

The President’s Committee on Diversity and Inclusion’s Professional Development Subcommittee is delighted to announce an upcoming SafeZone training for faculty and staff. The training session will be held on Monday, March 6, from 1 to 3 pm in Seymour College Union Room 220. The training will be facilitated by M. Obourn (Interim Assistant Provost for Diversity/Chief Diversity Officer) and Jennifer Ratcliff (Psychology).

SafeZone is a voluntary, group training designed to help campus community members provide a supportive and inclusive environment for gay, lesbian, bisexual, transgender, intersex, queer, questioning and allied persons, as well as those in the process of defining their gender and/or sexuality. The training is comprised of interactive exercises aimed to increase participant knowledge of the LGBT community.

Space is limited, so sign up today! contact: Jessica Sniatecki

Blend Until Smooth: Recipes for Hybrid Teaching & Learning Conference, April 14

The day will be filled with presentations and panel discussions that encourage conversations on hybrid/blended teaching and learning. The morning will start with the welcome remarks by Dr. Eileen Daniels. Our guest speaker Dr. Kelvin Thompson will give his feature keynote speech, "Finding Your Voice in the Noise: Conversations About Blended Learning," followed by the workshop "Hands-On Highlights from the BlendKit (Re)Design Process." Colleagues from The College at Brockport and five other institutions will lead presentations/panel discussions on the topics including, but not limited to, Tools for Engagement Project, international COIL courses, Wikis, Facebook, engaging adult learners, balancing the percentage of online and face-to-face sessions, refreshing online/hybrid teaching, and many more.

This conference is sponsored by SUNY Conversations in the Disciplines, The College at Brockport’s Center for Excellence in Learning and Teaching, and the Department of Education and Human Development.
The birth of the Festival of Ten stems from a similar program that Jon Jory, artistic director of the Actor’s Theatre of Louisville, instituted at the Humana Theatre Festival. P. Gibson Ralph, chair of the Department of Theatre and Music Studies recalled that “since it was, and is, always so difficult for new playwrights to get their works produced, or even read, the 10-minute play was developed, allowing authors to have their voices heard.” This concept spread like wildfire, especially in academic and regional theatrical settings. “There were other 10-minute play festivals in our area, but we were the first in the region to cast such a wide net in soliciting plays,” Ralph is quick to point out. “This ensured that we would get submissions from the most talented writers in the genre and, being an international solicitation, we could occasionally receive plays about how the rest of the world views various situations.” As the Festival of Ten grew, it helped cement the department’s reputation with the Dramatists Guild of America, a professional organization that ensures the welfare of professional playwrights. The Guild became a resource for alternative methods of soliciting the plays, and were more than happy to work with a Festival in which their membership could not only be well represented, but “treated fairly.” Another affiliation that has helped increase the Festival’s stature would be that of the Kennedy Center American College Theatre Festival. Ruth Childs, an associate professor in the department, chaired Region II of the KCACTF’s National Playwriting Program for several years. The KCACTF also helped solidify Festival processes, such as instituting the “blind” reading of the plays, meaning that the screener would not know who authored the play. Though individual screeners can read upwards of 100 plays, as the procedures continued to evolve, it was decided that no group of the exact same three screeners read more than the same 25 plays.

Solicitations for the short plays (which can run 7 to 14 minutes, officially) are placed in various theatrical journals, websites and listservs. Scripts are submitted to the College electronically, allowing screeners to be local, regional or national. This concept should be put in perspective: When the festival began soliciting submissions (in 1997) for the first Festival (which took place in 1999), the internet was not yet omnipresent. Trying to read scripts that may have been sent electronically could take minutes, if not hours, to download on a desktop computer, instead of instantly opening a .pdf… even on one of today’s smart phones.
What has not changed much in the past 20 years is how the department prepares the production of the plays themselves. Ralph explains “the academic training we give our actors, and the rehearsal process, allows them — and the playwrights — to continue to discover the nuances of the particular play. We are able to tear every one of the 10 minutes of the play apart and examine them for extended amounts of time, in more detail than a full-length play might afford a director.” When the Festival of Ten first began, Ralph continued, “we were — and continue to be — a resource much appreciated by playwrights, who are able to see their works fully-staged, sometimes for the first time. We also didn’t realize, at that time, what a significant part of the theatre program it would become. As it has grown, more student directors and costume designers — even alumni — have been able to participate, in addition to the actors on stage.”

As a designer, Ralph enjoys looking at the 10 plays that have been selected. “Often there is a theme that helps unify the scenic design. One year, it seemed that a majority of the plays had people entering or dramatically exiting through doors, so doors became the motif for my design. Another year, it was chairs.”

Gary Musante, the department’s technical director, has coordinated Festival solicitations and submissions in the past. He remembers that, in the beginning, “submissions were not blind, and some notable names entered scripts they had written, including actor Ted Lange, of Love Boat fame, as well as Hindi Brooks,” a television scenarist who had previously written for both The Waltons and Eight is Enough. More recently, Stu Silver, the screenwriter of Throw Momma from the Train, and a writer for the TV series Soap, has seen one of his plays presented.

“The auditions and casting process are so different, and fun,” adds Childs. “Usually a director can pick and choose their cast from whoever auditioned, but with 10 directors in the casting session, these are run like a football draft. You might end up getting a first pick and a third pick amongst your cast, but everything works out for the best. It’s quite convivial in those casting sessions. The Festival of Ten is one of the rare instances where everyone in the department is involved in the same project in some aspect or another.

“The ownership that you see develop amongst the cast and crew is infectious,” Childs observed, “especially when the playwrights visit. Having the playwrights involved is special for all of us, including the directors, because the writers can be contacted for clarifications and further discussion. We can’t call up Shakespeare or Arthur Miller when we are directing one of their plays.”

Recalling favorite memories from Festivals past, Musante admits that when he was registering the plays for that first Festival — when readings were not yet blind — he read the first few plays as they arrived. “First play: A man and a woman at a bar. Second play: A man and a woman at a bar. Third play: A man and a woman at a restaurant. Fourth play: Oooooh! A gay couple at a bar. Then finally, something new, something different: Two dolphins on a beach! I finally stopped reading and just logged in the plays.” Ralph’s memory also involves animals: “The play was called ‘Guppies’ or something like that. It involved a fish — in a fishbowl! — falling in love with the cat that was staring at it, from the other side of the fishbowl, and only intending on making the fish his little snack. Try to design that!”
The memory that strikes Childs as “meaningful and special” is that of seeing the entire cast bow at the end of the evening. “People who have been on stage in 10 different plays coming together for the joy of theatre. Gets me every time.”

Performances of Festival of Ten are February 24, 25, March 2, 3, and 4, at 7:30 pm. There is also a matinee on Sunday, February 26 at 2 pm, which will be ASL-interpreted for the hearing impaired. In addition to being sold online, tickets for Festival of Ten are also available by phone at (585) 395-2787 or at the Tower Fine Arts Center Box Office.

**Little Library Has Arrived!**
Come to Drake and see this remarkable construction sponsored by the Friends of Drake Library.

![Little Library](image)

The Little Library that Gordon Fox, Class of 1966, was building is finished and is now on display in Drake Library, on the circulation desk near the cafe. Come have a look; it is a lovely bit of craftsmanship!

As noted before, this is an authentic, scale model of the old Normal school building c1870. This was our school for many years, until the late 1930s, when it was torn down and replaced by today's Hartwell Hall. It was built of Medina sandstone, covered in wisteria vines and was quite picturesque by all accounts ...

The Little Library will be placed on campus somewhere on the lawn of Hartwell in the spring, along with a granite bench donated by Cherise Oakley and her husband, contact: Charlie Cowling, ccowling@brockport.edu

Dr. Jacques Rinchard, Department of Environmental Science & Biology, Receives $8,188 US Fish and Wildlife Grant

Restoration efforts for landlocked Atlantic salmon in Lake Champlain were complicated in 2003 with the illegal introduction of alewife into the lake. Alewives have become abundant in the lake and have replaced the native rainbow smelt as the primary forage fish for salmon in many areas of the lake. Unfortunately, alewives contain high levels of thiaminase, an enzyme that degrades thiamine (vitamin B1), and salmon that primarily forage on alewives develop thiamine deficiency syndrome. Dr. Rinchard's award from US Fish and Wildlife is for the purpose of evaluating thiamine in Atlantic salmon (e.g. eggs, liver, muscle) and assessment of potential deficiencies. The award will be administered by The Research Foundation for SUNY, The College at Brockport.

Brockport Faculty, Staff, and Students Take the Plunge for Special Olympics

On Sunday, February 12, Brockport participated in the Polar Plunge at Lake Ontario State Beach Park.

The Polar Plunge is an annual event held during the winter across the country to raise money for a charitable organization. Brockport faculty, staff, and students bravely went into the semi-frozen lake for donations towards the Special Olympics. Brockport organizations involved were: Brockport's Magic The Gathering, Eurosim, Club Gymnastics, Brockport Student Government, Physical Education Club, and Inter Greek council. Departments involved were: Advancement, Residential Life, and Student Union and Activities. As a whole, they raised $5,300 for the cause.

Dr. Natalie Sarrazin founded international Music Education Association in India

Over the past 3 years, Dr. Sarrazin has worked in concert with other like-minded music educators in India to bring about significant change for teachers of Western music education in India, including its curriculum, resources, and opportunities for training and professional development. Last month, the National Association for Music Education (NAfME) approved the Western Music Education Association (WMEA) as an affiliate organization, which will serve music educators in India. Through the NAfME/Western Music Education Association federation, music educators in India will be able to join both organizations and receive access to the same
member benefits, such as professional development and information exchange, as U.S.-based NAfME members.

According to Mike Blakeslee, Executive Director of NAfME, “this new relationship is evidence of International interest in sequential, standards-based music education. In a learning continuum, the ancient and diverse forms of music in India will make a rich cultural exchange possible with U.S.-based educators.”

Natalie Sarrazin, faculty in Theatre and Music Studies, who serve as WMEA’s Founding Executive Director, is excited about establishing a relationship between NAfME and WMEA as a significant step towards securing a future of excellent music education in India. "It might only be a first step, but it is a profound one. NAfME’s guidance and leadership will allow music teachers in India to reach the next level of professionalism in music education that supports generations of music teachers and students to come,” said Natalie Sarrazin.

**KSSPE Faculty Recognized in Switzerland**

The International Olympic Committee recently highlighted Dr. Cesar Torres (KSSPE) in its news link. Torres, Professor of KSSPE, was highlighted in the International Olympic Committee's Olympic Studies Center on his work of the history of the Olympics.

Theatre Professor Opens Production in NYC

LEAH THE FORSAKEN, photo: Jacob J. Goldberg

Theatre professor Frank Kuhn directed a production of the 19th-century American drama Leah, the Forsaken, which opened at the Metropolitan Playhouse in New York City on Friday, Feb. 17, and runs through March 12. Augustin Daly’s play tells a story of antisemitism, refugees, immigration, ethnocentrism, and xenophobia in 18th century Austria. The New York Times reviewer noted that the production “shines up this 1862 play just fine,” and is “a thought-provoking discovery, presented by a first-rate troupe.”

Two recent Brockport graduates are involved in the production, Teresa Campbell (’14) working as assistant director, Jonathan Allentoff (’14) as music consultant, and Matthew DeLuca (’16) onstage as the character Jacob.

Lauren Lieberman Honored

Dr. Lauren Lieberman

Dr. Lauren Lieberman, Distinguished Professor of KSSPE has been chosen as a Daily Point of Light Award Honoree.

The following is from the National Director:

Congratulations! You have been chosen as a Daily Point of Light Award honoree. This award is given out each weekday to volunteers who are donating their time and talent to better their communities. It was established by President George H.W. Bush during his presidency to spotlight volunteers in the U.S., and it has grown into a bipartisan organization that promotes and mobilizes volunteerism. You are officially our 5,930th “point of light,” and you can find a write-up about your volunteer service on our site.
Queering Racial Justice: A Community Conversation with Activist and Organizer Joshua Allen

March 2, 7 pm, Eagle’s Lookout: Livestreamed at MetroCenter

Please join us on Thursday for our next Community Conversation where we will continue our ongoing discussions and learn about the intersectional work of Joshua Allen.

Allen is a black queer activist and organizer who does work around the subjects of gender, race, and policing. An advocate for LGBTQ rights beyond marriage equality, they organize against the violence that queer, trans, and gender non-conforming people of color face in contemporary society. Allen is widely regarded as one of the leading voices in conversations around gender, sexuality, and racial justice.

The purpose of this discussion is to expand ideas of racial justice, touching on state and interpersonal violence, mass incarceration, and social institutions that perpetuate the inequality faced by queer/trans/nonbinary people of color.

A NJ artist at Brockport

Ambrose Corcoran’s artwork rediscovered.

Clifton Mill

The archives recently got a call from someone inquiring about Ambrose Corcoran, who was in our Art Department 1946-1981. The caller was from New Jersey, and had bought a pastel artwork at an estate sale. When reframing it he discovered that the name on the back was Ambrose Corcoran, googled it, and ended up contacting the archives.

The caller has found a new vocation in retirement of rediscovering lesser known NJ artists of the ’30s and ’40s. As it happens Corcoran was from NJ, receiving his bachelors from NJ State at Newark, and his masters from Montclair. The caller shared a photo of the artwork, titled "Clifton Mill," 1938.

In addition to his art and teaching, Corcoran was quite involved in governance on campus, working with the Student Faculty Association in the ’50s as it was getting started, and then in 1966 when that body was essentially replaced by the College Senate and BSG, Corcoran was the first president of the senate.

The Department of History is proud to announce the inaugural issue of #History: A Journal of Student Research, now available online on Digital Commons and open to scholarly writing in all fields of history by students at The College at Brockport and beyond.
http://digitalcommons.brockport.edu/hashtaghistory/
Edited and produced by students, in cooperation with faculty advisors, this annual journal presents articles and historical papers by outstanding undergraduate and graduate students. It also offers opportunity for students to get hands-on experience in producing a scholarly journal.
This first issue contains four articles and three historical papers by current Brockport history students and recent graduates, covering topics as diverse as the American Revolution and the German High Command in World War I. Coming soon: look for the call for papers and student editors for the next issue!

DANCE/Strasser Features Undergraduate Choreography Paired with Master’s Thesis Work
Jessica Moore’s MFA thesis “We Are AmalgamNation” is highlighted

DANCE/Strasser begins performances at The College at Brockport on Thursday, March 2, 2017, at 7:30 pm.
The Department of Dance will present DANCE/Strasser featuring choreography by undergraduate and graduate students in The College at Brockport’s nationally renowned dance program. Performances take place Thursday, March 2, through Saturday, March 4, 2017, at 7:30 pm in the Rose L. Strasser Studio in Hartwell Hall. Tickets are $17/General, $12/Senior Citizens, Brockport Alumni, Faculty and Staff, and $9/Students.
Highlights in this concert include Jessica Moore’s MFA thesis “We Are AmalgamNation.”
Moore’s research focuses on the ethics of cultural appropriation in dance. Her choreography is inspired by Native American movement as a means to honor her indigenous heritage, as well as a commentary on the culture’s erasure by western forces.
Throughout the concert, audiences may also notice how a heightened consciousness of contemporary politics boils to the fore in nuanced, yet poignant, ways. Perhaps it is through the lyrics of a song, the title of a dance, or simply the feeling of unsettled dissonance, that demonstrates the ways these dances are linked to the critical perspectives of Brockport’s student choreographers.
