Upward, Onward

Hi folks. This spring semester is moving rather quickly, as they seem to always do. Yes, we are coming up to midterms already. Now you know what comes along with Midterm, Spring Break! Now that I have your attention, I want to encourage you to keep your focus on your courses and see your counselor as regularly as possible. Get that tutor you need to turn that C into a B or the best grade possible. I also need to remind those of you who will be returning in the fall about completing your 2019 – 2020 FAFSA application and providing all the required documentation to complete your financial aid file for next year. Remember the goal, which is to be completely packaged for 2019 – 2020 prior to leaving for the summer.

Everyone should know by now that we are celebrating the 50th Anniversary of the EOP Program here at The College at Brockport on April 13, 2019. Now I expect to see each and every one of you at this celebration.

Last but certainly not least, XAE will hold its induction ceremony on April 19, 2019. We will induct 16 new members into the EOP Honor Society at The College at Brockport. Congratulations to each one of you.

As you have been made aware, now is the time to work on your financial aid renewal process for 2019-2020 semesters. You should have filed your FAFSA and TAP renewals by now. If you have not done so yet, contact your counselor immediately. Everybody needs to pay particular attention to all supplemental documentation requests. You must complete the process as quickly as possible if you wish to get all the aid to which you are entitled. You face a serious risk of not getting all the aid to which you are entitled if this process is not completed on time. Your EOP check will be blocked if you have not completed your FAFSA. There are a number of other tasks related to your bill and financial aid which you need to accomplish at this time. You should very carefully examine your student bill to make sure you understand everything on it. You must work with the Office of Student Accounts to address any money you owe the college. Late charges will be assessed. Pay particular attention to Easy Money, alumni fee and meal plan status. All of these charges can impact a potential refund. Being aware of the amount of your refund will help you plan for personal expenses for the spring term. You should decide if you really need the refund. Using all or part of the money to pay down your loans is always a wise idea. If you are ready to graduate this term make sure you are aware of your loan repayment obligations and options. Make sure you complete the applicable loan exit counseling processes. Don’t forget to talk with your counselor about graduate school financial options as well as the tuition waiver. Many of you will be or are contemplating working part time. Your first priority should always be your studies. Ask yourself if you really need the extra money. Always remember that the EOP family will always be here for you and ready to talk with you about these issues.

Financial Knowledge is Key:

- Many of you may be considering getting a part time job. Please discuss this with your counselor. Employment can impact your financial aid, and also your ability to do well in your classes. You need to be conservative with any refund you have received including your EOP money. Do you really need that new pair of sneakers?

- For those of you who currently have outstanding balances owed to the college, you must really stay on top of your open accounts Late charges can accumulate very quickly and you face having a hold placed on your records which among other things will prevent you from registering for the upcoming fall term. Always remember that there is a difference between financial need and financial desire. Make sure your personal budgeting skills are finely honed. Be aware of any charges you accrue on your student account.

- If you incur charges after you receive your refund, you must pay them.

- If you incur charges prior to receiving your refund, they will be deducted from your refund.

- If you do get a refund, it is very important that you confer with your counselor before you spend the funds.

- You will be held accountable for all dispensed funds for which you are ultimately not entitled. Always remember that there are financial consequences to your actions.

Please remember that your EOP counselor is here to help you navigate your way thru this most complicated of processes.

Welcome to the Team!
EOP’s One-on-One Peer Tutoring Program provides students the opportunity to receive individualized tutorial support through being matched with a peer fellow who in many instances has had the same professor, and who has received a superlative grade in the specific subject content area in which the student requires additional help. This tutorial support program not only aids students in being academically successful, but also in acquiring and developing study skills, strategies and techniques to employ across subject content areas, throughout their academic experience and beyond.

The supports of this program are designed to address the academic needs of the student and tailored to accommodate both the schedules of the student and tutor, thus allowing for the student to meet their assigned tutor(s) as needed to maximize on their learning potential within the sessions and their academic success within their courses.

WHY GOOD GRADES ARE IMPORTANT. We live in a world with a highly competitive job market. Your grades can make the difference in your being selected for that job/career you are pursuing or being accepted for admittance into the graduate program/school of your choice. You want to stand out and above the rest.

Don’t settle for mediocrity. Get the support you need to be all you can be academically. See your counselor, read and complete that tutoring form, submit it in person to Lisa Jones (EOP Academic Coordinator).

WRITING SPECIALIST

Having trouble with writing in your courses? Don’t worry our writing specialist Taylor Thompson is the person for you. Taylor encourages our EOP Students to take advantage of her writing workshops and is constantly looking to help students improve their writing skills. As we continue on through the semester, assigned papers and essays will arise. Please take advantage of this tremendous resource for continued success in your individual courses.
