Resolution #6, 1976-77

Proposal on Transfer Credit for Associate of Science Degree

Motion to amend policy entitled "Transfer Credit and the Associate of Science Degree" as follows:

1. In first paragraph, strike the phrase "program certified as 80% Liberal Arts by the sending institution" and replace with "university-parallel, liberal arts program".
2. In the second paragraph, strike the phrase "programs not certified as 80% Liberal Arts" and replace with "career programs".

Policy will now read:

Transfer students who have completed the Associate of Science degree in a regionally accredited two-year college shall be granted Junior status. Students who have graduated from a university-parallel liberal arts program shall be considered to have fulfilled both the communications and the liberal arts core requirements for the baccalaureate degree if at least one course has been completed in each of the core areas required at Brockport.

Graduates of the Associate of Science degree career programs shall have liberal arts coursework credited toward the completion of the communications and liberal arts core requirements, the major, and electives, as appropriate. Remaining credits will be counted as undistributed electives.
