RESOLUTION ON NEW COLLEGE CATALOG

1. Whereas the college catalog is an important source of information about the courses offered by the college, and
2. Whereas the college catalog has the purpose of attracting students as well as informing them, and
3. Whereas the listing of objectives may be more effective as an administrative tool than as a concise, attractive communication, and
4. Whereas the printing of a catalog in a new format is a major commitment in resources and practice
 - (a) Be it resolved that the importance of the course descriptions, no longer provided in the new format, be carefully reconsidered, and
 - (b) Be it further resolved that before any change in catalog format is adopted, that a study of student preferences for mode of presentation be undertaken.
