Major in Business Administration

All students majoring in business administration are required to complete (1) 18 semester hours of Prerequisite Course requirements, (2A) a series of Economic Analysis courses, (2B) a series of Business Core courses, and (2C) a selection of courses from one of six specialties in the major. Upon graduation, the successful major will have completed a minimum of 36 semester hours of business and economics courses (29 semester hours for the Accounting specialty).

Students should apply for permission to become business administration majors during the second semester of their sophomore year. To be eligible for admission to the business administration program, students must have successfully completed -- or be in the process of completing at the end of the semester -- all Prerequisite Course requirements listed under (1).

When students have been accepted as business majors, they will work closely with academic advisors in the selection of a business major specialty and the planning of their courses. The business administration specialty areas are: Accounting, Financial Management, International Business Management, Marketing Management, Personnel Administration and Industrial Relations, and Real Estate Management. Students are required to take a minimum of 12 semester hours in their specialty area and the Accounting specialty in which 15 semester hours is the minimum.

For business administration majors with career interest in public accounting, the department offers, in addition to accounting, courses in business law, economics, finance, and statistics which are required to gain admission to the New York State C.P.A. Examination.

Course Requirements for the Business Administration Major

1. Prerequisite Course Requirements

Each of the six courses must be completed with a grade of 'C' or better before admission to the major will be considered.

C. Business Specialty Options

At least 4 courses must be successfully completed from the selected specialty
area. If the Accounting Specialty area is selected, at least 3 courses must
be successfully completed.
Additional changes include the following:

1. Add the following to the catalog description for BUS 382 Cost Accounting:
   "Topics examined include cost-volume-profit analysis, job-order and process costing systems, variance analysis, standard costing procedures, and discounted cash flow analysis."

2. Course description for a new course, ECN 391 History of Economic Thought, to be added.

3. New course descriptions for ECN 204 and ECN 304 (statistics courses) to be added.

5. Delete the Business Economics specialty area and all courses listed under it.

6. On page 302, remove middle initial, "E", from Rawle Farley's name.

7. Add ECN 202 as a prerequisite course for ECN 321, Money & Banking.

8. BUS 205 and 285 to be designated as Liberal Arts courses; i.e., change E designation to (A) designation.

9. Add BUS 438 Marketing Channels and Logistics to the list of courses under the Marketing Management specialty area.

10. Delete the reference to BUS 335 as a prerequisite course for BUS 436.
