PROFESSIONAL CONFERENCE SUBSIDY

- WHEREAS it is important for members of the faculty and professional staff to attend professional conferences so as to maintain currency in their fields, maintain professional contacts, and plan future programs, even if such faculty and staff are not on the programs for such conferences, and
- WHEREAS current policy tends to subsidize such conference-going only (or primarily) for those on the conference program, therefore be it
- RESOLVED that, upon presentation of a petition and rationale, members of the faculty and professional staff be subsidized for professional conferences regardless of whether or not they are listed on the program of that conference. The goal is to provide each member of the faculty and staff with the opportunity to attend at least one professional conference each year.
