¹ ECN 100 is a one semester course in micro- and macro-economics. It would replace the current ECN 111. ECN 100 is NOT recommended for a student considering declaring ANY major in the Department, since it does NOT meet the requirements for any major in the Department.

² The accounting prerequisite may also be filled by successfully completing BUS 285 and BUS 286.

DECLARING A MINOR: Students may declare a Minor in Business Administration upon successful completion of all 200 level course requirements. Students must attain a minimum GPA of 2.0 in the 200 (two-hundred) level course requirements in order to declare a minor. Students who are Majors in Accounting may NOT minor in Business Administration.

RESIDENCY REQUIREMENT: A minimum of 12 hours of the 21 hours required for the Minor must be completed at Brockport.

CAP: The number of students enrolled must be planned and monitored to assure quality standards and to maintain adequate course availability for majors. A cap may be set by the department chair in consultation with the Dean each year after reviewing pertinent information. Should the cap be triggered, admission could be competitively determined by GPA ranking.

ADVISEMENT: The student's MAJOR advisor would provide pre-registration approval on course work in the minor. Business and Economics faculty would serve as informal advisors in helping the student.
