FOREWORD

This bibliography represents 200 publications including journal articles, books and book chapters; and 123 creative works from the arts by the faculty/staff at The College at Brockport during 2014-2017. It includes citations from all of the schools and many academic departments. Citations were gathered from a number of sources. The bibliography is expanded this year to include the 139 grants received during the last five years.

The number of citations since last publication of this list continues to grow. In part, this can be attributed to Brockport’s vibrant faculty with many new names and areas of scholarship represented. The bibliography also provides evidence of the many senior and emeriti faculty who continue active scholarship activities.

Bibliography Online

The bibliography is available online in the campus institutional repository DigitalCommons @brockport. Citations can be searched by author, department and school. The online bibliography is particularly useful in that it includes links to full text for many of the articles listed. The list can be updated as a living document that can be updated regularly. The online version is available at: http://digitalcommons.brockport.edu/bookshelf/411/

Conclusion

This bibliography is not exhaustive, but is intended as a representative sample of the rich body of scholarly work being done by Brockport faculty, staff as well as students. We offer our apologies for omissions/errors. This year’s bibliography was compiled by Linda Hacker, Kim Myers, and Patricia Williams, with assistance from library student staff. Please submit additions and corrections to Kim Myers, digital repository specialist (kmyers@brockport.edu)
